After you log into your account you are presented with the database search Page. All the criteria choices from 1-4 on the left side of the page are used to narrow the focus of what you are looking for from very broad to very granular. Number 5 on the left is used to find 1 specific business by name, phone or address. You can use this feature to find companies that match the characteristics of your best clients.

Type of Business

Make Selection

- Make Selection
- YP Heading - SIC
- YP Heading - NAICS
- SIC
- Primary SIC
- Multiple SIC
- NAICS
- Multiple NAICS
- Major Industry Group

#1 is Type of Business which is used to narrow to a specific industry or groups of industries:

YP Heading – SIC; search by yellow page heading by SIC code description.

YP Heading – NAICS; search by yellow page heading by NAICS code description.

SIC; search by a single Standard Industry Classification code.

Primary SIC; return only those businesses whose main line of business matches a specific SIC code.

Multiple SIC; use multiple codes from different industries.

NAICS; search by a single North American Industry Classification System code.

Multiple NAICS; use multiple codes from different industries.

Major Industry Group; cherry pick specific businesses by drilling down through each industry group.
